Dear Parents/Carers

I hope this letter finds you well. We would like to inform you that your child in Year 4 is scheduled to take the Multiplication Tables Check (MTC) as part of their academic assessments.

The MTC is a national assessment designed to evaluate your child's fluency in multiplication, a fundamental skill in their mathematical development. It is a short online test that will take place within a specific timeframe.

To provide you with more detailed information about the MTC, we have attached a leaflet with comprehensive details, including what to expect and how you can support your child in preparing for the assessment.

We strongly encourage you to practice multiplication tables with your child at home regularly. Daily use of resources such as TTRockstars, specifically the studio section, closely aligns with the format of the actual MTC and can significantly enhance your child's confidence and proficiency.

Your support and involvement in your child's education are vital, and we appreciate your cooperation. If you have any further questions or concerns, please feel free to reach out to your child's class teacher.

Thank you for your continued support of our school and your child's education.

Yours faithfully

Mrs Wilby
Associate Principal
