

CURRICULUM NEWSLETTER

Welcome to the Spring 2 edition of the curriculum newsletter. You will find lots of information about your child's learning.

Our new learning journey is **Water and Rivers**

Water and Rivers

This half term, we will be switching our learning to a Geography focus (after 2 half terms of History) and learning about all things water. We are reading the novel 'A Long Walk to Water' by Linda Sue Park!

Date for the Diary

World Book Day: 7th March

Trip to Moorlands Discovery Centre:
21st March

Stay and bucket race: 27th March

Lead up to SATs

After half term, there are 10 school weeks to go. Children should be completing weekly homework on My Maths and EdShed.

They should also be using Times Tables Rockstars and reading at home as often as possible.

Children should now have revision guides and they should be using these to identify gaps in their learning and revising and practising these skills.

PE

The Year 6 PE day this half term will continue to be on **Wednesdays** each week. Pupils need to ensure that they bring the appropriate kit on each of these days including a plain red t-shirt, black shorts or tracksuit bottoms and a change of suitable footwear.

HOMework MENU

Our current learning journey is: **Water and Rivers**. This half term we would like you to complete one of the following learning projects at home. If you have a different idea, please just ask your teacher.

Create your own water cycle using household objects.

Challenge: Could these objects be recyclable?

Create a 3D map of all the rivers that flow through the United Kingdom.

Design your own water filter to purify water in your own garden.

The choice of task is yours, choose wisely and we look forward to seeing your projects. If you need any help or advice on your project just ask. It might be a good idea to ask your grown up to help you as well. Good luck in your challenges Year 6!
