Dear Parents/Carers

I am writing to inform you about the upcoming trip to the Science and Industry Museum in Manchester. The trip will take place on **15 January 2025**.

Whilst at the museum the children will get to explore science in action as they will enter into the interactive gallery. In here they will play with materials to build sturdy bridges and tall towers, discover whether they are strong enough to lift a car with one hand and find out about friction. Furthermore, they will make music with their body and learn about sound waves and create glow in the dark art.

In addition to this, they will be going into the textiles section and learning how Manchester is built on cotton, they will discover the story of the people, machines and products that are combined to create the world's first industrial city.

Finally, the children will go into the revolution Manchester section and look at big ideas to small inventions, explore Manchester's amazing legacy of ideas that changed the world and helped shape life as we know. In this section the children will experience a show full of experiments, music, videos, competitions and explosions.

The children will need to arrive at school at **7:45am** ready for an 8:15am departure. The children will return to school for normal finishing time. Any updates regarding return times will be posted on Seesaw. Children will require a packed lunch, however if your child is on free school meals they can have a packed lunch provided by school, please use the following link to book this <https://forms.office.com/e/PA5Q95gxqS>.

The Science and Industry Museum will be a cost of **£10.00** and this is payable on Parent Pay, it is important all payments are received by **6 December 2024**. As we rely on voluntary contributions from parents/carers to enable visits/workshops such as this, if enough contributions are not made, we will unfortunately have to cancel this experience. If you are struggling to pay for this event, please come and discuss this with us.

We are looking forward to taking your children on this exciting step back into the past.

Yours faithfully

Miss Davies and Miss Wood
