Dear Parent/Carer

Recently your child attended safety lesson in school delivered by South Yorkshire Fire and Rescue Service. The lesson focussed on the following topics:-

- The importance of smoke alarms and their function
- How to safely respond to a fire emergency in the home
- The dangers of fires, matches and lighters.
- The importance of being a good passenger and a safe pedestrian
- The Water Safety Code

If you require further fire safety advice relating to your living circumstances you may be eligible for a Home Fire Safety visit. To find out whether you are eligible, use the link below to carry out our online home fire safety check. <https://www.safelincs.co.uk/hfsc/SYFRS>

At the end of this check, you will be provided with personalised safety advice. Then, if you are eligible for a visit, you will be asked to submit your contact details allowing us to contact you to arrange your in-person visit.

I would also like to take this opportunity to introduce you to StayWise, a website featuring learning activities and interactive resources/games for children and young people. The resources have been developed by the National Fire Chief's Council, in conjunction with a range of Blue Light partners, and are designed to support the school curriculum. There are materials in place for children as young as three with a wide range of subjects available. Our aim is for every parent in South Yorkshire to sign up to StayWise and put these resources to good use, ultimately helping to make our children safer and stronger.

You can find out more, and register, at <https://staywise.co.uk/redirect/fire-south-yorkshire> Or by scanning this QR code.

Thank you for taking the time to read this letter and please do let us know if you have any queries. We hope you find these StayWise resources useful.

Yours Sincerely

Clair Victory
T/Education Advocate
South Yorkshire Fire and Rescue Service
