#### STATEMENT OF INTENT

Maltby Learning Trust is committed to maintaining the confidentiality of its information and ensuring that all records within the Trust/Academy are only accessible by the appropriate individuals. In line with the requirements of the GDPR, the Trust/Academy also has a responsibility to ensure that all records are only kept for as long as is necessary to fulfil the purpose(s) for which they were intended.

The Trust has created this policy to outline how records are stored, accessed, monitored, retained and disposed of, in order to meet its statutory requirements.

This document complies with the requirements set out in the GDPR, which is effective of 25 May 2018.

# 1. LEGAL FRAMEWORK

This policy has due regard to legislation including, but not limited to, the following:

- General Data Protection Regulation
- Freedom of Information Act 2000
- Limitation Act 1980 (as amended by the Limitation Amendment Act 1980)

This policy also has due regard to the following guidance:

- Information Records Management Society (2016) 'Information Management Toolkit for Schools'
- DfE (2018) 'Data protection: a toolkit for schools'

# 2. RESPONSIBILITIES

The Trust/Academy as a whole has a responsibility for maintaining its records and recordkeeping systems in line with statutory requirements.

The Executive Principal/Principal holds overall responsibility for this policy and for ensuring it is implemented correctly.

The Data Protection Officer (DPO) is responsible for the management of records at Maltby Learning Trust.

The DPO is responsible for promoting compliance with this policy and reviewing the policy on an annual basis, in conjunction with the Executive Principal/Principal.

The DPO is responsible for ensuring that all records are stored securely, in accordance with the retention periods outlined in this policy, and are disposed of correctly.

All staff members are responsible for ensuring that any records for which they are responsible for are accurate, maintained securely and disposed of correctly, in line with the provisions of this policy

# 3. MANAGEMENT OF PUPIL RECORDS

Pupil records are specific documents that are used throughout a pupil's time in the education system – they are passed to each school that a pupil attends and includes all personal information relating to them, e.g. date of birth, home address, as well as their progress and achievement.

- The following information is stored on a pupils record, and will be easily accessible:
- Forename, surname, gender and date of birth
- Unique pupil number

- Note of the date when the file was opened
- Note of the date when the file was closed, if appropriate

The following information is stored inside the front cover of a pupil record, and will be easily accessible:

- Ethnic origin, religion and first language (if not English)
- Any preferred names
- Position in their family, e.g. eldest sibling
- Emergency contact details and the name of the pupil's doctor
- Any allergies or other medical conditions that are important to be aware of
- Names of parents/carers, including their home address(es) and telephone number(s)
- Name of the school, admission number, the date of admission and the date of leaving, where appropriate
- Any other agency involvement, e.g. speech and language therapist

The following information is stored in a pupil record, and will be easily accessible:

- Admissions form
- Details of any SEND
- If the pupil has attended an early years setting, the record of transfer
- Fair processing notice only the most recent notice will be included
- Annual written reports to parents
- National curriculum and agreed syllabus record sheets
- Notes relating to major incidents and accidents involving the pupil
- Any information about an education, health and care (EHC) plan and support offered in relation to the EHC plan
- Any notes indicating child protection disclosures and reports are held
- Any information relating to exclusions
- Any correspondence with parents or external agencies relating to major issues, e.g. mental health
- Notes indicating that records of complaints made by parents or the pupil are held

The following information is subject to shorter retention periods and, therefore, will be stored separately in a personal file for the pupil in the school office:

- Absence notes
- Parental and, where appropriate, pupil consent forms for educational visits, photographs and videos, etc.
- Correspondence with parents about minor issues, e.g. behaviour

Hard copies of disclosures and reports relating to child protection are stored in a sealed envelope, in a securely locked filing cabinet in the school office – a note indicating this is marked on the pupil's file.

Hard copies of complaints made by parents or pupils are stored in a file in the Executive Principal/Principal's PA's office – a note indicating this is marked on the pupil's file.

Actual copies of accident and incident information are stored separately on the Academy 'smanagement information system and held in line with the retention periods outlined in this policy – a note indicating this is marked on the pupil's file. An additional copy may be placed in the pupil's file in the event of a major accident or incident.

The Trust/ Academy will ensure that no pupil records are altered or amended before transferring them to the next school that the pupil will attend.

Electronic records relating to a pupil's record will also be transferred to the pupils' next school, however some information may be retained by the school. <u>Section 11</u> of this policy outlines how electronic records will be transferred.

If any pupil attends the school until statutory school leaving age, the school will keep the pupil's records until the pupil reaches the age of 25 years.

The school will, wherever possible, avoid sending a pupil record by post. Where a pupil record must be sent by post, it will be sent by registered post, with an accompanying list of the files included. The school it is sent to is required to sign a copy of the list to indicate that they have received the files and return this to the school.

# 10. IDENTIFYING INFORMATION

Under the GDPR, all individuals have the right to data minimisation and data protection by design and default – as the data controller, the school ensures appropriate measures are in place in order for individuals to exercise this right.

Wherever possible, the school uses pseudonymisation, also known as the 'blurring technique', to reduce risk of identification.

Once an individual has left the school, if identifiers such as names and dates of birth are no longer required, these are removed or less specific personal data is used, e.g. the month of birth rather than specific date – the data is blurred slightly.

Where data is required to be retained over time, e.g. attendance data, the school removes any personal data not required and keeps only the data needed – in this example, the statistics of attendance rather than personal information.

# 11. STORING AND PROTECTING INFORMATION

The DPO will undertake a risk analysis to identify which records are vital to school management and these records will be stored in the most secure manner.

Where possible, backed-up information will be stored off the school premises, using a central back-up service operated by the LA/Redstor.

Confidential paper records are kept in a locked filing cabinet, drawer or safe, with restricted access.

Confidential paper records are not left unattended or in clear view when held in a location with general access.

Where data is saved on removable storage or a portable device, the device is kept in a locked and fireproof filing cabinet, drawer or safe when not in use.

Memory sticks are not used to hold personal information unless they are passwordprotected and fully encrypted.

All electronic devices are password-protected to protect the information on the device in case of theft.

Where possible, the school enables electronic devices to allow the remote blocking or deletion of data in case of theft.

All members of staff are provided with their own secure login and password.

Emails containing sensitive or confidential information are password-protected where

possible to ensure that only the recipient is able to access the information. The password will be shared with the recipient in a separate email.

Circular emails to parents are sent blind carbon copy (bcc), so email addresses are not disclosed to other recipients.

Where personal information that could be considered private or confidential is taken off the premises, to fulfil the purpose of the data in line with the GDPR, either in an electronic or paper format, staff take extra care to follow the same procedures for security, e.g. keeping devices under lock and key. The person taking the information from the school premises accepts full responsibility for the security of the data.

Before sharing data, staff always ensure that:

- They have consent from data subjects to share it.
- Adequate security is in place to protect it.
- The data recipient has been outlined in a privacy notice.

All staff members will implement a 'clear desk policy' to avoid unauthorised access to physical records containing sensitive or personal information. All confidential information will be stored in a securely locked filing cabinet, drawer or safe with restricted access.

Under no circumstances are visitors allowed access to confidential or personal information. Visitors to areas of the school containing sensitive information are supervised at all times.

The school takes its duties under the GDPR seriously and any unauthorised disclosure may result in disciplinary action.

The DPO and COO are responsible for continuity and recovery measures are in place to ensure the security of protected data.

Any damage to or theft of data will be managed in accordance with the school's Security Breach Management Plan.

# 12. ACCESSING INFORMATION

Maltby Learning Trust is transparent with data subjects, the information we hold and how it can be accessed.

All members of staff, parents of registered pupils and other users of the school, e.g. visitors and third-party clubs, are entitled to:

- Know what information the school holds and processes about them or their child and why.
- Understand how to gain access to it.
- Understand how to provide and withdraw consent to information being held.
- Understand what the school is doing to comply with its obligations under the GDPR.

All members of staff, parents of registered pupils and other users of the Trust and its facilities have the right, under the GDPR, to access certain personal data being held about them or their child.

Personal information can be shared with pupils once they are considered to be at an appropriate age and responsible for their own affairs; although, this information can still be shared with parents.

Pupils who are considered to be at an appropriate age to make decisions for themselves are entitled to have their personal information handled in accordance with their rights.

The school will adhere to the provisions outlined in the Trust's Data Protection\_Policy when responding to requests seeking access to personal information.

# 13. INFORMATION AUDIT

The school conducts information audits on an annual basis against all information held by the school to evaluate the information the school is holding, receiving and using, and to ensure that this is correctly managed in accordance with the GDPR. This includes the following information:

- Paper documents and records
- Electronic documents and records
- Databases
- Video and photographic records
- Hybrid files, containing both paper and electronic information

The information audit may be completed in a number of ways, including, but not limited to:

- Interviews with staff members with key responsibilities to identify information and information flows, etc.
- Questionnaires to key staff members to identify information and information flows, etc.
- A mixture of the above

The DPO is responsible for overseeing completing of the information audit. The information audit will include the following:

- The school's data needs
- The information needed to meet those needs
- The format in which data is stored
- How long data needs to be kept for
- Vital records status and any protective marking
- Who is responsible for maintaining the original document

The DPO will consult with staff members involved in the information audit process to ensure that the information is accurate.

#### 14. DISPOSAL OF DATA

Where disposal of information is outlined as standard disposal, this will be recycled appropriate to the form of the information, e.g. paper recycling, electronic recycling.

Where disposal of information is outlined as secure disposal, this will be shredded or pulped, electronic information will be securely destroyed. The Trust will keep a record of all files that have been destroyed.

Where information has been kept for administrative purposes, the Trust will review the information again after three years and conduct the same process. If it needs to be destroyed, it will be destroyed in accordance with the disposal action outlined in this policy. If any information is kept, the information will be reviewed every three subsequent years.

Where information must be kept permanently, this information is exempt from the normal review procedures.

#### 15. MONITORING AND REVIEW

This policy will be reviewed every two years by the DPO in conjunction with the Executive Principal/Principal and senior Trust staff – the next scheduled review date for this policy is October 2020.

Any changes made to this policy will be communicated to all members of staff and the Trust Board/Local Governance Committee.
