Dear Parents/Carers of children in **Years 1,2 & 3- VR Day Workshop- 25 March 2027**

I am writing to inform you about the exciting in- school "VR Day" workshop for our children in Years 1,2 & 3 on 25 March 2027.

Pupils are guided through awe-inspiring lessons based on their topics (working in pairs). The VR content is a stimulus for engagement and high-quality talk. Between turns, pupils have purposeful, carefully considered tasks to complete that consolidate their learning. There is no walking around, gaming or passive viewing. This is learning at its best, Immersing children in an engaging, interactive journey that brings the contrast between hot and cold places to life.

Through exploring different climates, landscapes, and wildlife, children can develop a deeper understanding of how environments vary across the world. This hands-on experience encourages curiosity, questioning, and discussion, while supporting their geographical knowledge and vocabulary. It also provides a unique opportunity for children to experience places they may not otherwise encounter, helping them to appreciate the diversity of our planet and how living things adapt to different conditions.

The total cost for this exceptional experience is £6.75 per child, which is payable by MCAS. For us to secure this event, it is important that we receive payment by 26 February 2027. We are wanting to give parents as much notice and time possible to pay for the event, hence our early letter.

While we fully appreciate that all contributions are voluntary, we are only able to offer experiences such as this if we receive sufficient support. If you are struggling to pay for the event, please come in and discuss this with us.

We are really looking forward to this experience!

Thank you for your continued support.

Yours faithfully

Mrs K Atkin
Principal
