Dear Parents/Carers of children in **Year 5- POPS STEM Volcano Workshop- 23 June 2027**

I am writing to inform you about the exciting in- school STEM based "Rockets" workshop for our children in Year 5 on 23 June 2027.

Year 5 will take part in an interactive STEM-focused "Rockets" workshop with the company POPS, exploring forces in action. Children will engage in hands-on activities and experiments to develop their understanding of chemical reactions, pressure, and geological processes, including creating model eruptions.

The total cost for this exceptional experience is £7.00 per child, which is payable by MCAS. For us to secure this event, it is important that we receive payment by 31 May 2027.

We are wanting to give parents as much notice and time possible to pay for the event, hence our early letter.

While we fully appreciate that all contributions are voluntary, we are only able to offer experiences such as this if we receive sufficient support. If you are struggling to pay for the event, please come in and discuss this with us.

We are really looking forward to this experience!

Thank you for your continued support.

Yours faithfully

Mrs K Atkin
Principal
