

Friday 12th October

Dear parents,

We have purchased some exciting new story books for the children on Read Write Inc. Your child will bring one of the 'book bag books' home weekly, please record in your child's planner when you have read with them. The books are tailored to their reading ability and link to their Read Write Inc group.

Here is some useful information to support your child at home with the specific areas they are learning at school. In the books you will find:

Story green words

These are words your child will read in the story. Some of them may be new or unfamiliar. Put the words into context and see if your child can relate to the word.

Red words

These are common exception words and need to be learnt by sight. Remember 'you can't Fred a red'

Story

Your child will read the story using 'Fred talk' to sound out unfamiliar words. In school we use teaching (lolly) sticks and work in partners with partner 1 pointing to the words whilst partner 2 reads and swapping over after each page. This is a method you may wish to use at home. Your child will love being the 'teacher' with you as the learner!

Questions to talk about

Ask your child the questions and turn to the correct page to find the answer. Lots of talk about the story will help comprehension.

Thank you for your continued support

Miss Petch
